

SPECIFICATION SHEET

6 D-ring harness WITH INTEGRATED BELT

CODE: AR-6

DESCRIPTION

Designed for working at height, this full-body safety harness is made with certified high-strength webbing and features D-ring connection points on the back, chest, sides, and shoulders. It includes a fall indicator and adjustable chest, side, and leg buckles for a secure and comfortable fit. A reinforced triangular hook holder keeps the lifeline hook safely secured when not in use.
